

DARK HORSE™

Wheel it easily from place to place.

Light weight and more maneuverable.

Access hard-to-reach places.

WORK SAFELY IN INDUSTRIAL APPLICATIONS

Fade-resistant, non-conductive black-resin fiberglass rated for industrial use.

Little Giant
Ladder Systems

CLIMB ON

LIGHTER AND EASIER TO USE

New black-resin fiberglass composite is lighter and stronger than any other fiberglass articulating ladder.

Stable and strong two-person stepladder.

Work safely over obstacles and on stairs or uneven surfaces.

90° position for hard-to-reach jobs.

* a 5'6" person with a 12" vertical reach

TYPE IA 300 LBS / TYPE IAA 375 LBS (MODEL 13)
