## Electric Pallet Truck PTE15N (540)

Surface of Forks can lift from 80mm to 195mm.

Support wheel for downhill or uphill.

- Smart battery positioning and lock for great fixation and safety.
- Socket on battery case for easy battery charging without necessity to take the battery out.
- Fast and opportunity charging during brakes in operations increases working time.

Strong steel apron protects the operator's feet during work and secures the truck's components from collisions with objects.

Full length double sided C-shape reinforcements of forks significantly increase strength and rigidity of frame.
